

WOMAN, 70, IS BADLY HURT IN AUTO ACCIDENT

A 70-year-old Palmyra woman was seriously injured, two companions less severely hurt and their car was demolished in an accident about a mile north of Emmitsburg on the Gettysburg highway about 5:20 o'clock Monday afternoon.

Miss Annie M. Gingrich, 70, Palmyra, suffered a depressed fracture of the skull and is a patient in the Warner hospital where her condition was described today as "fair."

H. J. Bomberger, 57, Falls Church, Va., driver of the car in which Miss Gingrich rode, and his wife, Mrs. Bomberger, 55, were treated at the hospital for painful cuts and bruises. Miss Gingrich is an aunt of Mrs. Bomberger.

Hold One Auto

Trooper Kenneth D. Bond of the Maryland State police at Thurmont, who investigated the crash, said Bomberger was driving south when his car was passed on a slight curve by a machine operated by Neil Malarky, 21, Portland, Ore. The right side of the Malarky car caught the left front corner of Bomberger's machine as Malarky swerved back to the right side of the highway, the trooper said.

Bomberger's car went out of control, ran off the highway and struck a tree. The officer said the Bomberger auto was demolished. Damage to Malarky's car was slight.

The policeman said he is holding the Malarky car pending completion of his investigation and added that he will file a reckless driving charge against Malarky before an Emmitsburg justice of the peace.

The Bombergers, who until recently resided in Palmyra, were returning to their new home after a business trip to Palmyra. Miss Gingrich was accompanying them for a visit.

CROMER BUYS 2 FRANCHISES

Sale of the Mechanicsburg-Carlisle franchise of the Valley-Transportation company to the Cromer Bus Lines, Carlisle, was announced Monday. Approval of the Public Utilities Commission prior to October 1 is awaited by the new owner, Cleason Cromer, Carlisle, formerly of Gettysburg.

The sale of the franchise also involved the purchase of three Valley line buses, one of which has been delivered. The same schedule as now effective between Mechanicsburg and Carlisle will be maintained but a fare increase is problematical because of increased costs of operation. Present fare is two tokens, purchasable for 15 cents.

Buy Two Franchises

Cromer has purchased both franchise routes operated by the Valley lines between the two Cumberland county towns, one via Trindle road, the other by way of Churchtown and Boiling Springs.

Cromer already runs two buses between the Mechanicsburg Naval Supply Depot and Carlisle via the Carlisle Pike, a bus from Bendersville to the Naval Depot, a bus from Carlisle to Gardners and one from Carlisle to Gettysburg. In addition, the Reading Transportation company pays him a fee for use of his franchise in operating buses from Mt. Holly Springs to Gettysburg in lieu of former train service, now discontinued.

Had Bid on Carlisle Rights

The new owner of the Mechanicsburg-Carlisle line early this year sought to purchase rights to intraborough bus service in Carlisle, but withdrew his application before the PUC, thus permitting the Potomac Motor Lines, Inc., Hagerstown, to gain the franchise. The Potomac outfit over the week-end announced the sale of this franchise to Elmer B. Neff, Mt. Holly Springs.

Carrier Exam For Gardner's Post Office

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at the Gardner's post office. The examination will be held at Biglerville, the date to be announced later. October 9 is the last date for filing applications.

The salary of a rural carrier on a standard route of 30 miles is \$2,040 a year with an additional \$20 a mile a year for each mile or major fraction thereof above the 30-mile minimum. Carriers must furnish their own vehicles but are allowed six cents a mile on the basis of daily mileage for equipment maintenance. Promotions are provided for with pay increases.

Mr. and Mrs. C. Paul Cessna, Baltimore street, observed their 30th wedding anniversary Monday without special celebration. Mr. Cessna is alumni secretary at the college.

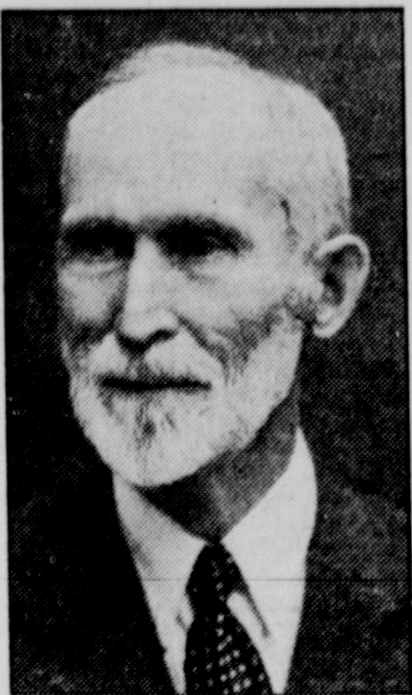

William C. Storrick Marks His 91st Anniversary Today

William C. Storrick, venerable Battlefield historian, and one of the few surviving Gettysburgians who heard Abraham Lincoln deliver his immortal address 84 years ago, today observed his 91st birthday.

Suffering from a fractured hip sustained a little more than a year ago, which confined him to the Warner hospital a few days short of a year, Mr. Storrick now is unable to walk. However, he wheels himself around his home on West Lincoln avenue a few hours each afternoon.

Although his once accurate memory fails him occasionally now, Mr. Storrick still is able to vividly recall many historic dates and events of many years ago. Despite his advanced years he continues to read newspapers, books and magazines without glasses. His hearing is considerably affected.

His hip affliction, coming so late in life, has not in the least dimmed his spirits and the well-liked old gentleman retains his keen sense of humor and bears his ailment without complaint.

DR. WENTZ SAYS RUSSIA WON'T FIGHT U.S. SOON

"America must be strong. But the strength of our nation, or any nation, is not in its military power, it is in the Lord." Dr. A. R. Wentz, president of the Gettysburg Lutheran Theological seminary and vice president of the Lutheran World Federation, told the local Rotary club at its Monday evening session in the YWCA.

"Let us fight selfishness, in ourselves, in our actions as a nation. Let us cooperate with the United Nations in its efforts to do away with selfishness among nations. Let's keep ourselves morally strong and no nation will ever defeat us," he added.

Those conclusions came at the end of a talk in which he described his recent trip to Sweden for a church conference and into Germany. "At the conference in Sweden," he told the group, "I obtained the general impression from speaking to delegates from Yugoslavia, Czechoslovakia, Poland and similar countries that are now Russian dominated that the people of those countries look forward to war between the U. S. and Russia."

Germany In Bad Shape

"They expect this war to come in the near future and they hope that it will come soon, because they expect the United States to win and they believe that when Russia is defeated they will be able to be free again. My own observation is that there will be no war now—Russia knows she is too weak to fight now and thus avoid a conflict."

Describing Germany as being "in bad shape," Doctor Wentz said: "You may have seen pictures of saturation bombing, you may have heard about it, but until you have seen a city that has been thoroughly bombed you simply have no idea of what it is like. As you walk through the skeleton of what had once been a city in Germany, you feel that the people left there are sullenly angry; you feel you are sitting on the crater of a volcano. In almost every family you find malnutrition taking its toll, with resultant disease from which there is no hope of recovery."

Sweden and Switzerland were described by Doctor Wentz as "the only two places in Europe livable to an American."

Dr. C. Harold Johnson, president of the Rotary club, presided at the session with 37 members and guests present.

FELLOWSHIP DAY HELD ON SUNDAY

The third annual Day of Fellowship, sponsored by the Arendtsville Reformed church consisting of Zion, Arendtsville and Trinity-Benders, for the members and friends of both congregations was held at the Arendtsville park on Sunday morning and afternoon.

Ernest Rebert, superintendent of the Arendtsville church school, was in charge of the joint sessions of the church schools at 10 a. m., with the pastor of the charge, the Rev. Nevin R. Prantz, teaching the international Sunday school lesson of the day to the young people and adult groups. The children's division was in charge of the teachers from the Arendtsville church school, children's division.

At the 11 o'clock service of fellowship, the guest minister was the Rev. Charles E. Schaeffer of Philadelphia, secretary emeritus of the Board of Home Missions of the Reformed church. Dr. Schaeffer spoke on "The Ideal Church." A fellowship (Please turn to Page Two)

Hit By Auto, Girl Is Badly Injured

Virginia Redding, five and a half-year-old daughter of Mr. and Mrs. Carroll Redding, Gettysburg R. D., suffered serious lacerations of the scalp and face, lacerations of the body, a possible fractured skull and possible internal injuries when she was struck shortly after 12 o'clock this afternoon by a car driven by Albert V. Cardenti, Hanover street.

The accident occurred on the Lincoln highway west of here about one-tenth of a mile west of the Belmont school house. The child was removed to the Warner hospital where she was a patient this afternoon.

State Policeman James A. Treas is investigating the accident.

BAKERY DRIVER IN EQUITY ACTION

Judge Edward C. Wingerd, Chambersburg, has issued an injunction restraining Laurence E. Dagenhart, of Waynesboro, from servicing a wide area as a bakery routeman and has set Thursday at 10 a. m. for a hearing in an equity action brought against Dagenhart by the Wyand Baking company, of Waynesboro.

The equity suit filed by the Waynesboro baking firm against Dagenhart, formerly employed as a routeman by the firm, charges that Dagenhart violated a written agreement by entering the employ of another baking firm within a year after leaving the employment of the plaintiff firm.

When accepting employment with the Wyand firm on March 6, 1947, as a routeman, the bill of complaint avers, Dagenhart entered into a written contract agreeing that he would not sell other baked goods on his route for a year after leaving the Wyand firm. Dagenhart subsequently left the Waynesboro firm on September 9 and the next day began selling baked products of another firm on the same route he served as an employee of the Waynesboro firm, the complaint states.

The bill of complaint asks that a preliminary injunction be issued by the court, restraining Dagenhart from selling goods in the territory covered by his former route: Sabillasville, Thurmont, Emmitsburg, Gettysburg, Cashtown, Fairfield, Zora, and Greenstone. It also asks that after a hearing is held damages be awarded the Wyand firm.

Judge Wingerd, granted the injunction petition and fixed the preliminary hearing for Thursday. The restraining order was served on Dagenhart on Saturday afternoon by Sheriff Robert I. Oliver.

RETURNS TO EUROPE

MARVIN W. SOCIA IS COMMANDER OF LEGION POST

Former Warrant Officer, senior grade, Marvin W. Socia, Baltimore street, whose ten years of service with the army included duty in both the ETO and the Pacific areas during World War II, was elected commander of the Albert J. Lentz post of the American Legion at its regular meeting Monday night at the post home.

Commander Socia served with the 37th Division in the Pacific and with the 70th Division in the ETO. He spent eight months in the European theater and 16 months in the Pacific.

Other officers elected by the post included: Alexis W. Chritzman, first vice commander; Leonard M. Shearer, second vice commander; Paul B. Fox, adjutant; James Howe, finance officer; Charles Fridinger, sergeant-at-arms; Vincent Florence, second sergeant at arms; Paul L. Spangler, historian; Joseph E. Smith, trustee for three years, and Howard Strausbaugh, chaplain.

Transfer Members

Tellers for the election were William Ogden, Noel Flynn, Howard Hartzell, Lawrence Oyler and J. Luther Wisler.

Raymond W. Rose, Gettysburg R. 2, was admitted as a new member while the membership of John L. Plattenburg was transferred from the Mechanicsburg post to the post here.

Members of the Stanton-Dorsey Legion post who had been members of the Lentz post were transferred to the new post here which is scheduled to receive its permanent charter this month. Those transferred included George A. Washington, William A. Williams, Edward Thomas Williams, John Henry Myers, Lewis H. Myers, Charles Thomas Myers, James Mausten, Joseph Penn Wansell, William Sylvester Carter, John E. Carter, Joseph Isaac Carter, Oliver Carter, John H. Carter, Francis W. Bosley, Clarence Lewis Doak, William Howard Touse, Robert W. Johnson, Russell Edgar Howard and Charles Marshall Frealing.

Adjutant Harry D. Ridinger reported that the 1948 membership drive is now on, and that 1948 dues can be paid now. The present membership of the post is 1,302, he reported.

A communication from Legion department headquarters at Harrisburg was read. The letter, pointing out that World War II veterans who were buried overseas are now being returned to the U. S., stated that it is "the solemn duty of the Legion to extend full military honors to the deceased World War II heroes of this commonwealth who are being returned to the U. S." The local post voted to take action on the program suggested by the letter.

A letter from General Omar Bradley, Veterans' Administrator, urging veterans to reinstate their term GI insurance policies prior to December 31 was read.

One hundred and forty-five members attended the session at which Commander Edward D. Culp presided.

CHURCH ASKS PERMISSION TO SELL GROUND

Much of the history of Arendtsville is involved in a petition now before the county court.

The petition, from the trustees of the Evangelical-Reformed church of Arendtsville, asking permission to sell a plot of ground to the Arendtsville National bank, involves an original deed that goes back to the days in 1731 when the area now occupied by Arendtsville was part of Cumberland township, York county.

Merle Culp, Raymond Slaybaugh, Bruce Taylor, George Goehneour, Ira Orner, Paul Brainer, Clyde Orner and Ernest Rebert, as trustees of the congregation of Zion's Evangelical and Reformed church in the United States of Arendtsville, through their attorney, Edgar K. Markley, of the law firm of Keith, Bigham and Markley, filed the petition, October 20, at 10 a. m. has been set by the court as the time for a hearing on the matter.

SHOULD DELAY WHEAT SOWING

Observance of the fly-free date for seeding wheat not only assures protection against the Hessian fly, but offers the added advantage of top yield County Agent M. T. Hartman, pointed out today. Adams county farmers find that wheat put in on or near the fly-free date gives as good or better performance as that sown at any other time, he observed.

The fly-free date for Adams county this fall has been announced by the county agent for October 1 after consultation with extension entomologists of the Pennsylvania State college.

They report that fly infestation in wheat this harvest season was generally under that for 1946 but caution that these gains could easily be lost through too-early seeding. Where rain encourages growth of volunteer wheat an extra brood of the flies may result. This brood, Hartman explains, would be sure to attack wheat seeded in advance of October 1.

As with many other insect control problems, seeding wheat in accordance with the fly-free date should be a community effort. A few early planted and heavily infested fields can re-infest next spring many other fields seeded at the proper time, he added.

HOSPITAL REPORT

Admission to the Warner hospital include Mrs. Clyde Williams, 35 Hanover street; Mrs. Edith Bunty, Taneytown; Mrs. William J. Those discharged were Mrs. Benjamin Smyers and infant son, Sidney Rhey, Idaville; Jack Starry, York Springs; Mrs. Clarence Turner and infant son, Roger Lee, Gettysburg R. 3, and Mrs. Charles Smith, Gettysburg R. 5.

Gettysburg Will Be Sprayed With DDT Wednesday Morning To Rid Town Of Flying Pests

Gettysburg will be sprayed with DDT by plane Wednesday morning in a joint Chamber of Commerce-borough council effort to wipe out the mosquito and fly problem.

Meeting in special session at the engine house Monday night the council voted to spend up to \$500 for the airplane service and was assured by the Chamber of Commerce that that organization will guarantee to raise by public subscription the additional \$250 needed to do the job.

Following the session the council mosquito committee and the chamber mosquito committee met in joint session with a representative of the Stoltzfus airplane dusting and spraying service of Coatesville to lay plans for the aerial attack against the flying pests.

Will Spray 300 Acres

The plane will start its flights over the 300 acres which must be covered, according to council, Borough Engineer LeRoy H. Winebrenner and County Agent M. T. Hartman, in order to do a thorough job, at about 7:30 o'clock Wednesday morning. The spraying will be completed about 11:30 o'clock.

If inclement weather prohibits the spraying Wednesday the work will be carried out Thursday, the joint committee decided.

The spray—light oil and DDT—leaves a thin film of oil over the entire area sprayed, council was told. The thin coating, according to County Agent Hartman and Earl W. Knier, of the Stoltzfus service, kills, by smothering, the larvae of the mosquito before it is hatched. The DDT kills the adult mosquito in about 12 hours.

Registration Of Voters Resumed

Registration prior to the forthcoming general election in November resumed Monday at the court house here.

Clarence C. Smith, commissioners' clerk, said that his office is available to register voters, or to make changes in address from now until September 29 when the lists will be closed again until after the election.

CHORUS SINGS ON THURSDAY

The Willing Workers' Sunday School class of Mt. Tabor Evangelical United Brethren church, Mrs. Charles R. Miller, teacher, is sponsoring a concert by the United Male chorus Thursday night at 8 o'clock. The chorus is composed of men from the Mt. Zion, Mt. Holly Springs, Uriah, Cline, and Mt. Tabor Evangelical United Brethren churches. Rev. Robert Lundy is pastor of the Mt. Zion, Mt. Holly Springs and Uriah churches and Rev. Charles R. Miller is pastor of the Mt. Zion, Cline, and Mt. Tabor churches. Rev. Miller is also the director of the chorus. The accompanist is Mrs. James Morehouse of Mt. Holly Springs. Miss Helen Cline, Gardner's, will appear with the chorus for the first time as soprano soloist.

The chorus will sing the following numbers: "Call to Service" Hershey; "Softly and Tenderly" Thompson; "An Evening Prayer" Gabriel; "Jesus, Savior, Pilot Me" Hershey; Clyde Herr, soloist; "Tell Someone About Jesus" Gabriel; "Lead Me to Calvary" Kirkpatrick; "Steal Away" Lord I Want to Be a Christian; and "Swing Low, Sweet Chariot." Spirituals, Helen Cline, soloist; "Saved by Grace," Stebbins; "Beyond the Sunset," Brock; and "Sign of the Cross," Hershey.

Spray Swamp Areas

Borough Treasurer John H. Basehore reported that council had spent \$309.01 so far of the \$1,000 budgeted for mosquito control. Borough Engineer Winebrenner reported that continuation of the program of having a man spray swamp areas about town will bring the cost for that (Please turn to Page 2)

While the thin coating of oil is death to mosquito larvae, it also dulls the sparkling finish of a newly waxed automobile, Knier added. He recommended that those who do not want the finish on their cars dulled to place the machines under cover during the spraying period. The material however can be washed off in case any cars are caught in the mist, he added.

Will Spot Laundry

The spray may also cause some spotting of laundry if it is hanging out to dry during the spraying period, Knier added.

Burgess C. A. Heiges informed the councilmen that he had called them together to discuss the possibility of spraying for mosquitoes by plane. In the absence of the president, Ray M. Hoffman, Harry Troxell presided. Burgess Heiges told council that "this meeting is called to find out how much airplane spraying will cost and to consider the idea of spraying now in order to lay a foundation for next year when possibly several sprayings might be utilized to keep the town free of mosquitoes and flies throughout the entire summer."

Will Not Injure Animals

Knier explained that the cost for airplane spraying is \$2.50 an acre, "in cases where you have from 300 to 400 acres to be sprayed for flies and mosquitoes." He assured council that the spray concentrate was not sufficiently large to kill fish, birds or smaller animals. "We use three-fourths of a pound of DDT per acre," he said, "in order to be sure of having sufficient to kill flies and mosquitoes, and to be sure of not injuring anything else."

He added that if council wanted to have a complete spray program next year the town should be sprayed, "the week before Memorial Day, about July 4 and again sometime in August."

In answer to a question from council he assured the group that the plane would not spray the reservoir. "A person would have to drink one half of all the water in the reservoir even if we thoroughly sprayed it in order to have ill effects from the DDT, but to be on the safe side we will not spray within 50 feet of the reservoir." Fifty feet, he added, was the distance the spray might drift unless there was an extremely heavy wind "in which case we will take the wind into consideration in spraying near the reservoir."

Suggests Permanent Program

Henry W. Garvin, president of the Chamber of Commerce, told council, "We should like to spray now, in order to kill off as many flies and mosquitoes as possible in order to cut down next year's population. And we should like to set up a permanent program for spraying in order to keep the town as free of mosquitoes and flies as possible."

Edmund W. Thomas also urged council to set up an airplane spraying program citing the experience of other towns in carrying out such a project.

County Agent Hartman urged that Rock Creek be sprayed "from above Gettysburg to the Teeter quarry," stating that from that area comes the majority of the borough's mosquito problem. He also added that "airplane spraying is a supplemental measure, and an all-round mosquito program should be carried out if you want to be as free of the pests as possible. The plane spray will not get all of the mosquitoes in people's cellars and in other out-of-the-way places."

Borough Treasurer John H. Basehore reported that council had spent \$309.01 so far of the \$1,000 budgeted for mosquito control. Borough Engineer Winebrenner reported that continuation of the program of having a man spray swamp areas about town will bring the cost for that (Please turn to Page 2)

\$4,000 BLAZE IN LITTLESTOWN

Early Sunday morning fire, believed to have been started by a short circuit in a new automobile, swept a barn on the property of Mrs. Norway B. Lau, M and Charles streets, Littlestown, doing damage estimated at between \$3,900 and \$4,000. The loss was partly covered by insurance.

The fire was discovered at about 5:30 o'clock by Luther Sentz, a neighbor. The Alpha Fire company, Littlestown, was called out.

The fire is believed to have been caused by a short circuit in a 1947 Ford coach belonging to Mrs. Lau's son-in-law and daughter, Mr. and Mrs. Leroy Helwig. The car was placed in the barn on Saturday night at 11:30 o'clock.

The firemen laid five hose lines and played water on the blaze for two hours. They remained on the scene until 9 a. m.

Stored Goods Lost

Damage to the barn was estimated at \$1,000. The new car, which had been purchased in April, was destroyed.

The second floor of the building had been rented to the Pennsylvania Paper Box Company, Littlestown. Charles C. Miller, manager of the company's plant said that between 40,000 and 50,000 shoe boxes were stored in the barn and were destroyed. He estimated the loss at between \$1,500 and \$2,000.

Equipment belonging to the Alpha Fire company and used in conducting carnivals was stored on the second floor of the barn also. It was destroyed and fell to the first floor, striking the automobile.

The barn was approximately 20 feet from the house and several other buildings were nearby. These were saved.

Fire Chief Basehoar said that the barn fire was the first fire to cause property damage in Littlestown this year.

lot of slightly more than two acres in "Cumberland township, county of York, Pennsylvania" to Frederick Stanour and Philip Hartzell, trustees of the United Congregations of Lutherans and Presbyterians, to be used for a church, school and burying ground.

Stanour and Hartzell were also apparently trustees of the United Congregations of the Lutheran and German Reformed faith. The deed remained in possession of the trustees following Stanour and Hartzell until March 23, 1882, when Samuel Eyster represented the Lutheran congregation and Philip Beamer the Reformed.

On that date in 1882, the Lutherans agreed to sell their half interest in the property to the Reformed congregation and the sale was ratified by the Adams county court.

Now, the petition states, the National bank of Arendtsville has offered to purchase a parcel of the land adjoining the present bank building for \$800.

The burying ground on the church lot has long since been removed. It was revealed.

A final order of court was handed down Monday authorizing the Fairfield school board to sell to the Fairfield community fire company for \$100 a parcel of land adjoining the present fire company ground at the Fairfield community center building.

"I am the victim of two conspirators, our son and Mother Nature. When 'those that look out of the windows be darkened, and the doors shall be hut in the streets' it is the part of wisdom to accept leading. Our dust shall repose in Evergreen cemetery."

"Gettysburg has been a good place to live in, and I cannot think that it will not be a better place with the unfolding of the years. Our people want it to be so, but people make the town and we must not forget that better people is a more worthy slogan than more business and more dwellings."

"The first and highest contribution any man can make to his town is a clean and upright life. Community spirit is growing among us; let us realize our individual responsibility to make Gettysburg famous for its moral decency and tone, a good place for children to be born and grow up in."

YANKEES GAIN 15TH TITLE IN LAST 27 YEARS

By JOE REICHLER
(Associated Press Sports Writer)

The New York Yankees were receiving congratulations today for having won their 15th flag in the last 27 years, a feat accomplished by no other team. Indications are that the new American league champions will shortly have a National league partner in the pennant celebration in the Brooklyn Dodgers.

The Yankees clinched their championship yesterday without lifting a bat. The assurance of mathematical certainty came when the Chicago White Sox defeated the Boston Red Sox 6-3 in the first game of a double header.

The Dodgers' clinching date should come before the end of the week. Leading the fast fading St. Louis Cardinals by seven and a half games, the Brooks need only any combination of six victories or Redbirds defeats to earn the right to face the Yankees in the World series.

The Yankees actually won the pennant while they were sitting in the club house. Early afternoon rains made it impossible to play their scheduled game against the St. Louis Browns.

President Larry MacPhail and co-owner Del Webb were the first to congratulate the players and Manager Bucky Harris, who in his first year at the helm, directed the club to a pennant. It was the second time Harris had won a pennant in his first year of managing a club. He directed the Washington Senators as the "Boy Wonder" of 1924.

Started Drive Late

Although it turned out to be one of the easiest championships ever won by the Yanks, it did not look that way early in the season. The Yankees wallowed in or around the second division until the beginning of June.

After losing the opener, the Red Sox came back to trip the White Sox 7-5 in the second game of the double header. Dom DiMaggio's two-run homer in the seventh proved the deciding blow. Don Kolloway paced the White Sox attack in the first game with a homer, double and triple.

The Tigers increased their second place lead over the Red Sox to a full game when they whipped the Senators 7-2 in a night game in Washington. It was the sixth straight loss for the Senators. Stubby Overmire registered his 11th victory and Mickey Haefer was the loser.

The Cards lost another half game to the Dodgers when they were beaten for the second straight time by the New York Giants in St. Louis 10-5. Billy Rigney, with two doubles, two singles and a triple in five times at bat, led the Giants' 12-hit attack on five St. Louis pitchers. Walker Cooper chipped in with his 32nd homer for the Giants.

Phils In Cellar

Lefty Bob Chipman bested Johnny Sain in a hurling duel as the Chicago Cubs nipped the Boston Braves 3-2 in the last game of the season between the two teams. Sain was bidding for his 20th win of the year. The Braves took the series 13 to 9.

With Hank Greenberg hitting his 25th home run, the Pittsburgh Pirates rapped the Philadelphia Phils 12-2 to move out of the National league cellar. The Phils moved in. Ralph Kiner, whose 49 home runs lead the Majors, went homerless.

George Metkovich's triple off the right field wall and Lou Boudreau's single gave Bob Lemon and the Cleveland Indians an 11-inning 2-1 victory over the Athletics in a night game in Philadelphia.

The Dodgers and Cincinnati Reds were idle.

Boxing Commission Hands Out Penalties

Philadelphia, Sept. 16 (AP)—Licenses of two men have been revoked, another man fined \$300, a boxer permanently placed on the unavailable list and the license of the Diamond A. C., of Wilkes-Barre suspended for 60 days for actions detrimental to boxing, the Pennsylvania State Athletic commission announced.

Chairman Leon L. Rains, of Philadelphia and Commissioner George J. Jones, Jr., of Williamsport, Pa., reported yesterday they had revoked the manager's license of Harry Feuerstein, Berlin Heights, Ohio, and the matchmaker's license of James J. Slavin, Diamond A. C. The \$300 fine was placed on Promoter James McCarthy, Diamond A. C. Welterweight Alex Lewandowski, listed from Poland, was placed on the unavailable list.

Jones said Lewandowski had been built up as a fighter with a reputation for his bout at Wilkes-Barre August 28 but had shown little knowledge of the art of fistfights.

JOSEPH WINS

Philadelphia, Sept. 16 (AP)—Mike Joseph of Philadelphia finished two laps ahead of Larry Blommer, Norristown, Pa., last night in the 25-lap Class A Southwark handicap midgeet car race at the fifth-mile Yellow-jacket speedway. Joseph's time was 5:39.02. George Fonder, Lansdale, Pa., finished in third spot followed by Dee Toran, Los Angeles, Lee Duncan, New York city, and Ernie McCoy, Reading, Pa.

Softball Champs To Be Feted Tonight

This evening at 8 o'clock the State Highway softball team, champions of the Community league, will be tendered a testimonial banquet at the Battlefield hotel.

League officers, a representative of each team in the league and umpires will also be guests at the dinner.

LOUIS FIGHT TO BE TITLE BOUT

New York, Sept. 16 (AP)—A prolonged search having failed to turn up anything akin to a logical heavy-weight title contender and with golf getting to be sort of monotonous recreation, Joe Louis has decided to make his next scrap worthwhile.

Joe went after golf real seriously this past summer, figuring it was up to the boxing moguls to try to find a ring opponent that would at least make it interesting. Somewhat wearily, he agreed to an appearance against a Jersey Joe named Walcott but he stipulated that the championship crown would have to be on the shelf for this one.

Then yesterday the Bomber changed his mind and agreed to make the Walcott waltzing party an honest-to-goodness, 15-round affair with the championship at stake. They had originally been scheduled for a so-called non-title contest of 10-rounds in Madison Square Garden November 14.

Louis, never too warm about the non-title angle, readily accepted the suggestion of Eddie Egan, chairman of the New York State Athletic Commission, to lengthen the bout to the 15-round championship route and asked only more time to train. The result was that the date was set back three weeks to December 5.

Allentown Beats Wilmington 3-2

(By The Associated Press)

The Allentown Cardinals won the first game of the Interstate league best-of-seven final playoff series from Wilmington 3 to 2 last night behind the five-hit pitching of Auggie Zande.

Allentown made the most of its ten hits off righthander George Eyrich, scoring one run in the second and two more in the fourth on a double and two singles.

Wilmington put together a walk, a double, an error and a long out-field fly to score both its runs in the second.

Curt Simmons, schoolboy hopeful under contract to the Philadelphia Phillies, who won 13 games and lost five during the regular league season, will pitch for Wilmington tonight. He will be opposed by Paul Wargo for Allentown.

MAROONS MEET YORK CATHOLIC

Gettysburg high school's football squad began drills Monday afternoon in preparation for their second contest of the year which will be played Friday evening with York Catholic high school at York.

Except for a puncture wound on the left hand received by Bob Hottle and a back injury sustained by Bob Williams, tackle, the Maroons escaped injury in the opener last Friday night.

According to reports from York, the York outfit is a much improved team over that of a year ago. Last Saturday York Catholic upset a favored Red Lion high eleven 18-7. Campbell, star passer, scored two of York touchdowns by racing 85 and 65 yards after receiving punts. He passed to Munchel for the third score.

A stiff week of practice is in store for Gettysburg and it is possible the lineup may be shifted somewhat for the coming game.

Eastern League

(By The Associated Press)

The Utica Blue Sox, champions of the Eastern league, were in the Governors' cup finals today after trouncing the Wilkes-Barre Barons.

The Blue Sox defeated the third-place Barons, 8 to 4, at Utica last night in a game called at the end of six when a downpour made further play impossible. The win gave the Sox the semi-final series, four games to two.

The second-place Albany Senators and fourth-place Scranton Miners will fight it out at Albany tonight for the right to meet the Blue Sox in the finals. Scranton tied the series at three games apiece on its home field last night with an easy 11 to 3 conquest.

American Batting Title Race Close

New York, Sept. 16 (AP)—While Harry Walker, the Philadelphia Athletics' fleet flycatcher continued to make a joke of the National league's championship batting race, the American league showed signs of becoming close.

Walker, who had a 30-plus point bulge a week ago, rapped out 14 hits in 31 times at bat during the games through Sunday, upped his percentage to .362, 46 points ahead of his nearest rival.

Ted Williams of the Boston Red

Sox, dropped two points to .335 but held onto the American league lead by 12 points. Taft Wright of the Chicago White Sox was second with .323, followed by Barney McCosky of Philadelphia with .322 and Joe DiMaggio of the New York Yankees with .321. Johnny Pesky of the Boston Red Sox was fifth with .319.

Dale Mitchell, of Cleveland, runner-up a week ago, dropped to sixth with .318; George Kell, Detroit, was seventh with .317; Lou Boudreau, Cleveland, eighth, .315; Luke Appling, Chicago, ninth, .307; and George McQuinn, New York, tenth, .304.

Cobb May Try For Record Again Today

Bonneville Salt Flats, Utah, Sept. 16 (AP)—John Cobb of England will make another attempt to better his own automobile speed records on this saline course late today if mechanics can complete repairs on his 7,700-pound racing car.

Cobb turned the car into repair pits last night after speeding over the salt flats at 375.32 miles per hour. He said he hoped to make his new attempt at 4 p. m. Pacific

standard time (7 p. m. EST).

Officials pointed out that if Cobb rolls over the Bonneville course late today it will be the first time a record attempt has been made in the afternoon.

The 375.32 mph clip for the kilometer excelled Cobb's world land speed record of 369.7 for that distance. He was timed at 370.5 mph for the mile which topped the record as Cobb ran only in one direction.

Rules of the American Automobile Association require a driver to run in two directions within one hour, the record being the average of the two trips.

GAME AT BENDERSVILLE

Bendersville, first half champion in the Adams County Baseball league, will open a five-game series with Mt. Holly Springs this evening at 5:45 o'clock on the Bendersville field. The games will be played on alternating fields for five consecutive days.

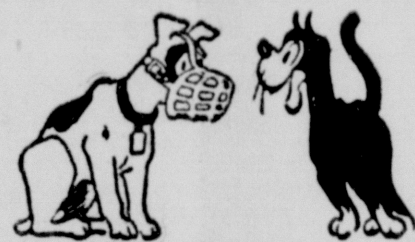

The area drained by the Mississippi river system is the greatest fertile plain on earth.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

Local Miscellany: It is reported that gambling is going on in town in various ways on week days and, especially on Sunday, among the young men and boys. This is a matter that should be called to the attention of our next Grand Jury.

David A. Mickey has been appointed post master at Cashtown.

The contract for placing circular iron seats on top of the five observation towers on the battlefield was awarded to the Gettysburg Foundry.

Straw Ride: On Monday evening a party enjoyed a delightful straw ride over the avenues. The party consisted of Mr. and Mrs. Charles Kitzmiller and daughter, Mr. and Mrs. Harry Kalbfleisch, Mrs. William Flemming, Miss Lena Mertz, Miss Annie McGuigan, Miss Lillie Sterner, Miss Ida Shute, Miss Edith Hamilton, Miss Lizzie Briel, Miss Lizzie Ziegler, Miss Rummel, Miss Stella Ziegler, Miss Grace Ziegler, Miss Elizabeth Hertzog, Miss Lou Kalbfleisch and nephew, Mr. and Mrs. Montgomery and Miss Kate Briel. Messrs. Harry Holtzworth, Bryner, Tollman, Hoffman, Gilbert, Miller, Reesch, Smith, Hartzel, Craft, and Spikard, of Penn'a. college. After returning from the avenues the party spent the remainder of the evening at the home of Mr. and Mrs. Harry Kalbfleisch and engaged themselves in lawn games, after which they were served with refreshments.

Marriages: Burgard—Kauffman. —Sept. 12, near Dillsburg, by Rev. Hezekiah Cook, Ezra L. Burgard, of East Berlin, to Miss Margaret Kauffman, of Reading township.

Knight—Pierson.—Sept. 11, at York Springs, by Rev. J. W. Reese, Richard J. Knight, of Reading township, to Miss Dora M. Pierson, of Abbottstown.

Leese—Stambaugh.—Sept. 7, at Littlestown, by Rev. F. S. Lindaman, George C. Leese, to Miss Vertie L. Stambaugh, both of Union township.

Wortz—Benchoff.—Sept. 14, at York, by Rev. F. C. Yost, Bryant B. Wortz, of Liberty township, to Miss Annie C. Benchoff, of Freedom township.

Odd Fellows' Pic-Nic: The picnic held by Gettys Lodge, IOOF, on Wednesday at Devil's Den was a success, the receipts, aggregating about \$150 clear. In the evening the attendance swelled to many hundreds. The large dancing floor was crowded through the entire evening.

Music was furnished by the Iron Ridge Orchestra, of Littlestown.

The doll was chanced off in the evening with John D. Lippy holding the lucky number—199.

To all those who assisted, the Lodge returns its most sincere thanks especially to Mrs. Win H. Tipton, who so kindly gave them full possession of the park, eating house, &c., and to Valentine A. Warner for valuable services rendered; also to J. Clifton Wierman, as figure caller, and to the ladies at lunch counter, cake stand, &c.

A cleanly, trusty girl wanted in a small family. No washing, ironing or bread baking. Inquire at this office.

Alarm of Fire (Again): The Fire Department was again called out on Thursday at 1:20 p. m. The alarm was caused by the ice house of J. W. Myers, Jr., on Chambersburg pike, being on fire, which was promptly extinguished by the quick work of the firemen.

Sale: J. L. Butt, Esq., Executor of Eliza M. Furney, on Saturday sold the house on High street, in this place, to James Caldwell for \$709.

Personal Mention: Miss Gerlie Huber is visiting friends in Philadelphia.

Prof. H. G. Buehler and wife left on Monday for their home at Lakeville, Conn.

Mrs. W. F. Givler and daughter, Louise, accompanied by Miss Vera Stephenson and Miss Bertha Meyer,

Today's Talk

IT COSTS TO LIVE

Life is a costly affair. I do not mean costly in money. Money is for commercial and material purposes. A costlier medium than mere money pays one's way through life. Many a heartache has bought a Kingdom! And the drop of a tear has purchased understanding.

I was recently the guest of a group of friends. We had a delightful dinner, and good talk, and then one of the gentlemen put on some colored moving pictures of a personal canoe trip over several miles of lakes and streams. And then he showed the beginning and end of the building of a log cabin in the forest. It was highly entertaining and instructive, because he did not merely show pictures, but a continuous story, to each episode. What fun, what joy, what enrichment—days in the lap and arms of Nature—purchasing the cost of life for a few weeks with a full heart of love!

Yes, it costs to live, but it depends upon how you wish most to invest in life. The greatest things that life has to offer are not reserved for the rich and influential. They are reserved for the appreciative, for those who have learned the art of love, and the understanding of beauty.

I buy, and pay for, my summer vacations from the hoard of love, that I have set aside from year to year, from all the wonderful creations in Nature that have enriched me in body, mind, and spirit, over the years. Had I a mansion, with a yacht, and servants to wait upon every call—and with unlimited money to aid my wants, I would not, could not, be so happy as I am in my simple Lodge, on my Nova Scotia Island retreat. You cannot buy happiness with money. You can only buy things.

Life is costly but not expensive! A simple kindness could easily spread its wings across an entire lifetime! You couldn't buy anything like that with money. But to happily live you must spend something. You must spend yourself. And when you do you get ample return. You do not have to worry about that, as you do about what the return will be from a monetary investment, or expenditure.

It costs to live, but we should not go into debt in order to do so. We must pay as we go by contributing something each day to the welfare and happiness of those about us, which amounts to the banking of happiness for ourselves.

Tomorrow Mr. Adams will talk on the subject: "Uncharted Experiences"

GRANDMA ON CHILD CARE

It's easier for a grandpa than a grandma, I suppose!

Of the art of raising babies it is little grandpa knows.

So a grandpa isn't bothered by the feeding methods new.

Since he has no recollection of what grandma used to do.

But one grandma raised a daughter, and the other raised a son.

And both of them are troubled by what now is being done.

They sit and tell each other they can see no reason why

A helpless little baby should be left in bed to cry.

They always rocked their children, and they often walked the floor.

And they didn't feed by schedule, but ten times a day or more.

And when it came to kissing, babes were kissed by all who came.

They'd no scientific system, but they grew up just the same.

A grandpa isn't bothered by the modern mother's way.

When the grandma gets excited he has not a word to say.

If an argument is started, he puts on his coat and hat.

With the very simple statement: "You two women settle that!"

I don't know the baby business or the methods old and new.

But we didn't raise our children on what grandma used to do."

PHILADELPHIA COMPANY PLANS TO REORGANIZE

Philadelphia, Sept. 16 (AP)—The Philadelphia company plans to reorganize its Pennsylvania gas properties in partial compliance with a securities and exchange commission order that the company show cause why it should not dissolve unless it elects to become a gas utility only.

In an amendment filed with the SEC yesterday the company said rate proceedings before the Pennsylvania Utility commission have been concluded and as a result it is possible now to comply with that portion of the SEC order dealing with the firm's Pennsylvania gas properties.

The company had fought the SEC order on the grounds that the holding company's co-ordinated management of its 13 subsidiaries in the Pittsburgh area resulted in economies for each subsidiary.

Plan's Effects

- Effect of the proposed plan:
1. Philadelphia company would cease to occupy the dual status of holding company and a gas utility company.
 2. Pittsburgh and West Virginia Gas Co. would cease to be a holding company.
 3. The corporate organization of the gas companies in the company's system would be simplified by the elimination of the present leases between Philadelphia company and Equitable gas company, the elimination of one gas company and one oil company and the elimination of the inter-company indebtedness now existing in substantial amounts between the companies.
 4. All of the gas producing, transmission and distribution properties located in Pennsylvania, now owned by three companies, would be owned and operated by Equitable Gas Co.
 5. The stock interest of the Louisville Gas and Electric Co., in Kentucky, West Virginia Gas Co., would be eliminated.
 6. The simplification of the corporate structure of the gas companies in the holding company system would make it possible to issue mortgage bonds against the gas properties, the proceeds of which could be applied to the retirement of Philadelphia company's debt.
 7. In addition to the elimination of 53 underlier street railway companies, the following four companies in the present holding company system would be eliminated: Philadelphia Oil company, Pinleyville Oil and Gas Co., Consolidated Gas company of the city of Pittsburgh and Equitable Sales Co.

Dominican Republic Breaks With Spain

Lake Success, Sept. 16 (AP)—The Dominican Republic Monday announced it had withdrawn its minister from Madrid in compliance with a 1946 United Nations Assembly recommendation slapping at the Franco regime in Spain.

The announcement on the eve of the 1947 Assembly in New York left Argentina listed as the only U.N. member which has not complied with the majority recommendation of the 55 nations that all recall their top level diplomats from Madrid.

The Dominican government earlier had informed Secretary-General Trygve Lie that "proper consideration" would be given to the Assembly resolution but no further word had been received until today.

FATHER HELD IN KIDDIES' DEATHS

Omak, Wash., Sept. 16 (AP)—Police Chief Tom Johnson said a 31-year-old father, William Cary, was being held on an open charge Monday after the man's three small children were shot and clubbed to death as they lay in their beds.

Johnson said Cary was captured by police officers after a terrific struggle in a blood-spattered farm house north of here.

Four-year-old Isolo Ward, a playmate of the Cary children, was shot in the leg and beaten with a rifle barrel as she pleaded for mercy, Johnson said he was told by Cary's wife and the child.

Johnson quoted the little girl as saying she begged "please don't shoot me in the head" and that her assailant replied "all right I'll shoot you in the leg." The girl is recovering in a local hospital. The dead are John Cary, 9, Billy Cary, 6, and Bobby Jo Cary, 4.

Johnson said Mrs. Cary told him she was awakened about 2 a. m. yesterday by the pressure of a rifle barrel and saw her husband lying on top of a gun.

"I tried to move it but that awakened him and he started to beat me. I fled for help," Johnson quoted Mrs. Cary as saying. "As I ran I heard gun fire and when I returned with a neighbor, Lee Covery, Billy was dead and the other children were being beaten with the rifle."

Johnson said Cary had quit his job at a lumber mill ten days ago and planned to enter a hospital for treatment of trouble arising from an old head injury.

GIVES THEORY ON PARALYSIS

Warm Springs, Ga., Sept. 16 (AP)—An ironic speculation that certain countries suffer seasonal epidemics of infantile paralysis because of a lack of early-life repeated exposure to the virus due to "modern sanitary conditions" and that certain others escape epidemics because of "primitive sanitation" was advanced Monday by a New York doctor.

Declaring the virus of the disease has been found in human waste products, in sewage and in flies, Dr. Robert Ward, New York university pediatrician voiced the following hypothesis to a conference of poliomyelitis experts meeting at the Georgia Warm Springs Foundation: "In countries with primitive sanitation (like Palestine, Egypt and Japan) virus is widely disseminated and the infant comes into repeated contact with it at an early age. . . . But, . . . immunity develops early in life in a majority of individuals.

"In areas where modern sanitary conditions prevail, early repeated exposure to virus is not the rule, and populations arise susceptible to disease in epidemic form."

He said one indication of this is the fact that in Palestine and Egypt, poliomyelitis largely is a disease in infancy, whereas in countries like the United States, Scandinavia and Australia, older people are attacked as well.

FALL TO DEATH

Pittsburgh, Sept. 16 (AP)—Two men fell to their deaths over the weekend as they tumbled from a precipice overlooking the Pennsylvania railroad tracks in the Woods Run district. The Allegheny county coroner's office said the victims were Harry Chipman, 60, and James P. Boylan, 56. The accidents occurred within a mile of each other and less than three hours apart.

STORK SETS RECORD

Lancaster, Pa., Sept. 16 (AP)—The stork made 15 trips in less than nine hours to the Lancaster General hospital today, setting a new vital statistics record for the institution. The first baby arrived at 1:10 a. m., the last at 10 a. m. the previous high mark for the hospital was 14 births in 12 hours. Last week triplets and twins arrived at the hospital in less than an hour.

HOLDUP VICTIM

Pittsburgh, Sept. 16 (AP)—M. J. Gordon, Turtle Creek theater owner, told police he was robbed of \$1,430 by four masked men, two of whom carried nickel-plated pistols. He said the robbery occurred as he stepped out of his automobile while he was en route home from the Pittsburgh drive-in theater which he operates.

STATE'S COWS AND CHICKENS DO THEIR SHARE

Harrisburg, Sept. 16 (AP)—You cannot blame Pennsylvania's cows and chickens for the rising cost of milk and eggs.

The state Department of Agriculture's production report for August disclosed that the milk output of 491,000,000 pounds set a new all-time record and not to be outdone the chickens produced 209,000,000 eggs, a gain of 13 per cent over the same month last year.

The milk output, reported by 40,000 dairy farmers, set a new record for the second consecutive month. In July the cows gave forth with 515,000,000 pounds, which was five per cent above the output for the corresponding month in 1946.

August Totals Up

The August milk production compares with 476,700,000 pounds for August, 1946, a gain of three per cent for the dairy herds during last month.

Egg production for August compares with 185,000,000 eggs for the same month of 1946.

Miles Horst, state Secretary of Agriculture, said the increase in egg production could be attributed to the fact that the number of layers in August was 14,810,000, a ten per cent increase over the same month last year.

Horst added that egg production averaged 14.1 per layer for August, indicating that farmers are keeping the better layers in order to get the best results from the high feed costs. Total egg production in Pennsylvania from January to August inclusive is 3,174,000,000 eggs, or 22,000,000 above the same period last year.

PEPPER SEES 'RECESSION'

Washington, Sept. 16 (AP)—Senator Pepper (D-Pa.) said today there is no hope for any effort to check rising living costs and "the American people might just as well get ready for another recession." The Florida lawmaker told reporters the Republican-controlled Congress is to blame.

But Senator Brewster (R-Me.) said that so far as food prices are concerned, they are high because the Truman administration is shipping too much food to Europe and other areas.

Pepper scoffed at this, saying: "We've got to help those people more, not less. If we want to stop Communism, we've got to make the Capitalism of Europe work."

Senator Capehart (R-Ind.) said he thinks high prices are linked to this country's foreign aid program but the basic answer to rising living costs is increased production. "We ought to be working 48 hours a week instead of 40," the Indiana lawmaker told newsmen.

Pepper contended that the Republicans led the fight which brought about removal of price controls last year. He said "it is too much to hope" that they would "reverse themselves" and do anything to haul down prices.

The Republican reply to this argument is that Congress only relaxed price controls and that the administration, which claimed the new set-up was unworkable, removed them.

Captured Convict In Grave Condition

Waverly, N. Y., Sept. 16 (AP)—Glenn C. Hull, 28, described by state police as an escaped convict from the Lewisburg, Pa., federal penitentiary, was in a "grave" condition in Tioga General hospital today suffering from police gunshot wounds. State Police Sergeant Richard Chapman said Hull was shot by troopers yesterday as he fled from an abandoned farmhouse near Chemung.

Hull escaped from the Lewisburg penitentiary on May 2 while serving a one to four-year term on burglary and grand larceny charges in connection with freight car thefts, Chapman said.

The police sergeant said a detail of troopers, acting on a report from residents that they had seen an armed man lurking in the vicinity, flushed Hull from an empty house. He was felled by shots in the right shoulder, right hip and right thigh as he ran.

Chapman added the prisoner would be questioned about a series of robberies in the Chemung area.

OLD HATS FOR SALE

Somerville, N. J., Sept. 16 (AP)—A dozen army hats of Spanish-American war vintage go on sale with World War Two surplus, the War Assets administration announced today. Nobody seems to know how the hats came to be around so long, said WAA Director Robert W. Allen, but they're in "perfect condition and maybe a customer can use them."

FALLS SAFELY TWICE

Denver, Sept. 16 (AP)—A year ago little Richard Salas toddled to a window in the second story of his home, and fell out. He got a bad fright but no injuries. Sunday Richard, now two years old, was playing by the same window and toppled out again, falling 35 feet to the ground. Physicians said he suffered only two bruises on his left cheek.

OFFER PRIZES IN GUARD'S DRIVE

Harrisburg, Sept. 16 (AP)—Prizes totaling \$4,275 in war bonds await the state's champion recruiters for the Pennsylvania National Guard.

Gov. James H. Duff launched the state's participation in a nationwide contest by approving the plans for the prizes, Adjutant General Frank A. Weber announced today. The state's goal in the drive is 5,350 recruits to add to the present PNG strength of 7,191 officers and men.

A \$100 bond will go to the highest recruiter with \$50 and \$25 bonds for second and third place winners. In addition, each of the 164 federally recognized units in the guard was authorized to award a \$25 bond to the top recruiter within the outfit.

Governor Duff also will award a special citation to the unit making "the most outstanding showing" in the campaign ending November 15. The military affairs department said there are also federal awards of a free plane trip to Washington

Baltimore Livestock
CATTLE—Receipts at the initial period this week were again very light. The same period a week ago. The run was made up chiefly of slaughter steers and cows, with top-grade weights steers very scarce. Buying power was limited to the absence of out-of-town buyers and by the Hebrew New Year holiday, consequently trading in general was slow. At the close of the trading session it was apparent that a moderate supply of steers and cows would be carried over.

Slaughter steers 50 cents lower than close of last week. Bulk of the slaughter steers of average good, \$24.50-27.25, these from 950-1100 pounds. A few loads and an odd lot of top good, \$25-28.25, latter price top for day. Medium and low-grade lightweight, \$19-24.50.

The heifer supply continued too light to warrant the same low level of the structure, compared with the close of last week. Medium and good grassy heifers, \$18-24, with a few top good, \$24.50-25.25. Cow trade again uneven. Canner, cutter and common cows, in broad demand, steady to weak as compared with the close of last week. Medium and good cows in narrow demand unless they could be bought at lower prices, and as a result these grades 50c.-\$1 lower, with the full decline on good cows. Good beef cows, \$16.50-18 with few \$18.50. Common and medium, \$13-15, and canners and cutters, \$11-13, with lightweight "shelly" canners \$10.

Bulls weak to 50 cents lower than the close of last week. Good beef bulls scarce with odd-head lots \$22, the bulk of the supply, \$13.40-17.50. Medium and good, \$17-20, with light and medium weight \$15-17. Extreme light bulls, \$12. Stockers and feeders active and steady with the close of last week. Medium and good stocker and feeder, 950 pounds, \$18-23. Common lightweights, \$13.50-17.

CALVES—Vendors active and steady with the close of last week. Mixed lots of good and choice, 150-220 pounds, \$21-25, with strictly choice \$26. Common and medium, \$18-20, and cutters around \$11. Weighty slaughter calf trade slow and steady. Good 250-300-pound slaughter calves \$18-20.

HOGS—Sewer trading active and 50 cents lower than the close of last week on all classes. Practical top to \$30. Good and choice barrows and gilts, 120-140 pounds, \$27.50-27.75; 160-180 pounds, \$28.75-29; 190-220 pounds, \$29.25-30; 250-275 pounds, \$28-28.75; 275-300 pounds, \$27-27.75; 300-350 pounds, \$24.50-25.25; 350 pounds and up, \$23-24. Good and choice sows, under 400 pounds, \$22.25-23.25 with sows weighing under 400 pounds \$21-22.

SHEEP—Fat lambs active and steady with the close of last week. Demand broad but receipts continue very light. Mixed lots of good and choice spring lambs, bucks included, \$23-25. Mixed lots of medium and good, \$17-23, and cull and common lambs, \$12-14. Slaughter cwe trade active and fully steady. Good and choice fresh-shorn cwe, under 150 pounds, \$7-7.50, with common and medium \$3.50-6.50.

GENEVA COACH CONFIDENT OF TEAM'S SUCCESS

By DUKE MORAN

Beaver Falls, Pa., Sept. 16 (P)—Coach Alured C. (Slim) Ransom likes the prospects of his Geneva football team so well he was inspired to write a jingle about it.

"Barring unfavorable breaks, we'll take the stakes," Slim wrote in a pre-season prospectus.

This optimism is distinctly contrary to the sepulchral tones football coaches are wont to adopt in discussing their own chances but Slim apparently has reason for his chirping despite the loss of five outstanding men from the 1946 club which dropped only one of eight stars.

"We plan to win every game this year—one at a time," said Ransom. "We will have veterans back for each of the eleven positions."

The biggest single loss is that of Larry Bruno, star halfback, but the covenanter also will miss quarterback Charley Perz; guards John Budimir and John Small and center Bill Ross, others who have graduated.

Heading the list of returners are sophomore Adam Karcis of Monaca, "the only man sure of a starting position," according to Ransom.

Other veteran stars include Frank Lettari of Coraopolis, a 240-pound end regarded by Ransom as "one of the finest pass receivers in the game today" but who may try for fullback.

On the line Ransom has, among others, Chuck Hinzman of Rochester and Andy Fordek of Leechburg, at the tackles and he holds both in high regard. Right now his best end prospects—if Lettari is moved into the backfield—are Dave McElhaney of Rochester and Al Lepore of Coraopolis. Al Carbone of Beaver Falls, and Norman Sherman, a made-over end, appear capable of handling the guard posts, fortified by such men as Gene Pesci of Freeport, Harold Fleeson of New Castle and Howard McDaniel of Beaver Falls.

At center, Ransom has Dick McGeehan of East Liverpool, Ohio, whom he regards as an all-star prospect.

To live up to Ransom's hopes, Geneva must navigate a nine-game schedule which opens with Duquesne and closes with Washington and Jefferson with seven tough district opponents sandwiched in between.

Last year Ransom went terpsichorean for touchdowns, introducing dancing classes to give his backs rhythm. His opponents have no idea what innovations Slim has planned for this year—but they know him as a bright boy who can come up with winners.

advising those who had been exposed not to take strenuous exercise.

However, J. L. Glahn, director of athletics for the school, said that school officials had "conferred with several medical authorities who have advised us that exercise would not make a person more likely to contract the disease if he didn't have it already."

He added that any member of the squad "who has been advised by his family physician not to exercise will be excused."

North Carolina state is scheduled to play Duke, September 27, in an important southern conference engagement.

ATHLETE JOINS BULLETS
Ronald Fitzkee, four-letter athlete from Red Lion school, has enrolled as a student at Gettysburg college. Fitzkee is reported to have received many offers from eastern colleges for his football prowess.

N.C. To Drill In Spite Of Polio
Raleigh, N. C., Sept. 16 (P)—Coach Beattie Feathers said today that his North Carolina state football squad would continue its regular practice routine although quarantined for infantile paralysis until September 26.

The quarantine was announced yesterday by Dr. A. C. Bulla, Wake county health officer, after the illness of Don McCormick, 20-year-old freshman blocking back from Greensboro, was diagnosed as an "acute case" of polio.

Dr. Carl C. Reynolds, state health officer, issued a statement strongly

Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 16 (P)—Now that the Yankees are "in" and the Dodgers are close to clinching the pennant, baseball experts are beginning to point out that the "old" Cardinal machine which won four pennants in the past five years is beginning to come apart at the seams.

Perhaps a few stitches are popping, but if the Cards are old, how do you account for the Yankees' easy triumph? Leaving out Joe Garagiola and the late-arriving Nippy Jones, the Cards' regular lineup averages something under 30 years in age. The Yankee regulars, when Yogi Berra isn't in there, average around 31. To get an average age on the Brooklyn team probably would require the services of Branch Rickey's private statistician.

They have some old guys like Dixie Walker, Hugh Casey and Eddie Stanky and an apparently inexhaustible supply of good young players to put in when they're needed.

HIGHER MATHEMATICS DEPT.
Joe H. Palmer, New York Herald-Tribune: "Kentucky produces nearly half the race horses and exactly half the high commissioners of baseball. . . . A baseball high commissioner can make only \$50,000 a year while a good horse can make \$200,000. . . . This seems to prove that a horse is four times as good as a high commissioner." . . . It is Joe, unless you hold a winning ticket on a commissioner.

SHORTS AND SHELS
The Texas football team, which looked good enough with Bobby Layne in there, provided two pleasant surprises for Coach Blair Cherry in Ray Borneman and H. J. (Bubba) Shands. . . . Neither has had any varsity experience, but they played service football. . . . Leon Bernstein, the St. Louis boxing promoter, says he will offer Willie Pep \$25,000 to box Charley Riley for the featherweight title at St. Louis in November. . . . North Carolina U. reports sellouts for the Georgia and Duke games and expects the same for Tennessee, Wake Forest and N. C. State. . . . Seems that Notre Dame isn't the only team the customers like. . . . Frank Tatum, one of the Stanford golfers who played briefly in the National amateur last week, will go to Oxford next year on a Rhodes Scholarship. . . . That seems to be the only university that Champion Skee Riegel missed.

OLD ADAGE "SHOT"
Somerset, Pa., Sept. 15 (P)—Talk about lightning not hitting the same spot twice is likely to result in an argument from the Reed Weimer family near here. The Weimers lost a \$13,000 barn from a fire started by lightning on August 16, 1943. They built a new barn, valued at \$25,000. It's in ruins today, the result of a lightning bolt Saturday night.

Hanover defeated Littleton 12-7 and Taneytown defeated Emmitsburg 5-2 in the opening semi-final games for the championship of the Penn Maryland Baseball league on Sunday.

Next Sunday the games will be played at Hanover and Taneytown.

MAY FORM JR. HIGH CAGE LOOP

Organization of a junior high school basketball league was discussed and a committee appointed to study the situation at a meeting of the Adams County Scholastic Athletic association Monday evening at the court house.

President Arthur Gordon, Biglerville, appointed Richard McGlaughlin, Littleton, and Martin G. Peagle, New Oxford, as a committee to report on the proposed league at the next meeting which will be held during Institute Week.

The following athletic trophies were awarded: Baseball, 1946, Biglerville and Littleton, co-champions; baseball, 1947, Biglerville; basketball, 1947, Biglerville, and soccer, 1946, Littleton.

Represented at the meeting were Biglerville, New Oxford, Littleton and York Springs. Boiling Springs and East Berlin were not represented.

DESCRIBE NEW METAL MADE BY MAN: CURIUM

By ALTON L. BLAKESLEE (AP Science Reporter)

New York, Sept. 16 (AP)—A strange new metal that seethes and bubbles and emits a soft glow was described for the first time today to the American Chemical Society.

This metal is curium, element 96, the heaviest known element. It is man-made, it no longer exists in nature, and is the most violently radioactive solid ever isolated.

Prof. Isadore Perlman of the University of California department of Chemistry and Radiation laboratory announced that a tiny amount of curium, smaller than a grain of sand, had been produced for the first time in pure form. There is just enough to see it with the naked eye. And this sand-grain amount now represents the total world supply of it.

Discovered During War
Curium is one of four man-made metals discovered during the atom bomb project. The others are plutonium, the super explosive for atom bombs; Americium and neptunium.

All four probably existed naturally on earth millions of years ago when the planet was younger, and much hotter. But because of their radioactivity they broke down or decayed into other elements.

This tiny bit of pure curium has a slight yellowish cast, Dr. Perlman said. It is kept in a solution, and it tears apart the hydrogen and oxygen in the water, making these gases bubble off.

If enough of the curium were concentrated, Dr. Perlman said, it would probably melt by itself. It would be warm to touch. But touching it might be fatal. Even if an extremely tiny amount entered the body, it would cause eventual death due to its extreme radioactivity, Dr. Perlman said.

No uses are yet foreseen for curium, partly because of the terrific difficulty of making it in any quantity, he added.

TYPHOON KILLS 236 JAPANESE

Tokyo, Sept. 16 (AP)—Incomplete American military government reports said today 236 Japanese were dead and 1,402 missing in two of six prefectures hit by typhoon-bred water flooding 299 miles of flatlands north of Tokyo.

Japanese newspapers placed the number of dead and missing in the flood area at 1,960.

One military government official said 150 Japanese were dead in Gumma prefecture. Another 86 were dead in Tochigi prefecture, west of Gumma. The number of missing in these two prefectures alone was placed at 1,402.

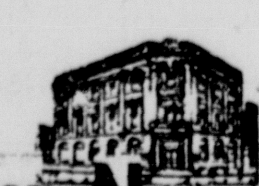

More than 40,000 homes were reported flooded or destroyed. Two medium-sized towns were wiped out and numerous villages were awash as the turbulent Tone river spilled across the flatlands.

In one prefecture alone, 160,000 Japanese were on relief. Thousands more elsewhere took refuge from rampaging river waters on house-tops, levees and hills.

No Allied casualties were reported, but some dependants were evacuated from their homes, and groups of soldiers and civilians were stranded at half a dozen points. Plans were made to supply by air an isolated unit of several hundred cavalymen at Camp McNair, near Mount Fuji.

It Pays the Farmer to Pay
BY CHECK

After the farmer receives his harvest money there may be long months during which he has constantly to pay out money while taking in very little. The best way for the farmer to pay is by check. With his money safe in the bank he can meet obligations conveniently and at the same time keep an accurate record of expenditures. Also, by maintaining a checking account the farmer builds credit for seasonal and other needs.
